REWARD School Methodology

Reward schools are 10% of schools in the state comprised of:

- 5% highest-performing schools based on success rate
- 5% highest-progress schools based on TVAAS(value-added)

Schools with the following can not be identified as reward schools and must be excluded. Focus gap data are used to identify schools that must be excluded.

- 1) Achievement gaps that are larger than the state median in any subgroup
- 2) Achievement gaps that have widened from the prior year

The data inputs for the calculation of the success rate include:

- 3-8 Math
- 3-8 Reading/Language Arts
- 3-8 Science
- Algebra I
- English I
- English II
- Biology I
- Graduation Rate

Reward Success Rate:

Proficient/Advanced Students in Math + Reading/Language Arts + Science + Algebra I + English I + English II + Biology + # HS Graduates

Tested Students in Math + Reading/Language Arts + Science + Algebra I + English I + English II + Biology + # Students in HS Graduation Cohort
